Philosophy

Our cars are state of the art.

And made to measure.

Exclusivity. Individuality. Craftsmanship.
Concepts which have always been associated with Porsche.

Porsche Exclusive stands for the individual personalisation of your vehicle, direct from the factory. You tell us what you want and we will do our utmost to give it to you – provided, of course, that it is technically feasible and does not compromise quality.

When customising a car, it is not enough just to use the best available materials. Our overriding principle has always been to make full use of the traditional skills of our craftsmen, carrying out the work by hand. Our specialists have years of experience in the hand crafting of decorative hardwoods, enabling us to bring out the individual character of this superb material.

And what about carbon? Light and extremely durable. Expressing all the excitement of the race track. Or stainless steel? Very strong, polished and with a chrome finish – pleasing to the eye and extremely resistant to heat and corrosion. Or another truly brilliant possibility: highly-polished anodised aluminium.

Would you like to personalise the interior or exterior of your car, fit an AeroKit or painted wheels? Your wish is our command.

Exclusive examples

Vehicle: Porsche.

Details: Porsche Exclusive.

A Porsche is more than just a car. It is also an expression of the personal freedom of its driver, personal taste and their lifestyle.

'Porsche Exclusive' offers you a wide range of individual extras so you can personalise your car to your own unique requirements. Visual and technical enhancements, for the interior and exterior. And always just as you want them.

The most important extra, though, is time. For it is only by taking the utmost care during the consultancy, planning and processing phases that it is possible to create something really special. Something which is exactly tailor-made to your requirements – down to the finest detail. Something unique. With its own unique character. A Porsche which is as special as its driver.

The following pages will show you five examples of Exclusive personalisations which are sure to inspire you.

Find out more about how to design your own special Porsche on page 52.

unconventional

911 Turbo in Meteor Grey Metallic

**Laid back but raring to go.
And its personalisation is no
different.**

The exterior shaped by the Aerokit Turbo, the Chestnut Brown leather interior complemented by a selection of leather features in Cocoa. A contradiction? You might have thought so. Here, however, high-octane excitement

and peaceful harmony are the perfect match.

Find out more about the equipment details of the 911 Turbo in Meteor Grey Metallic in the current 911 Turbo price list.

timeless

911 Carrera S in Black

Some theoreticians reject the notion of black as a colour. But practical thinkers don't.

The 911. A legend. Shrouded in a mysterious dark cloak. Stylish. Sporty. Black. Perfectly complemented by the carbon interior which is further enhanced by Dark Grey natural leather.

Find out more about the equipment details of the 911 Carrera S in Black in the current 911 price list.

balanced

911 Targa 4S in Meteor Grey Metallic

**Extraordinary design.
And it's yours.**

The exterior featuring the Sport-Design front apron and sports tailpipes, the interior upholstered in Ocean Blue leather with PCM package in Aluminium Look. All in all, another bold expression of its, and its driver's, inner strength.

Find out more about the equipment details of the 911 Targa 4S in Meteor Grey Metallic in the current 911 price list.

pure

911 Carrera 4S Cabriolet in Cream White

**A big moment. The marriage
of body and engine.
In traditional white, of course.**

A shining example: the 911 Carrera 4S Cabriolet in Cream White with Cocoa leather and partially painted interior. Everything in harmony, nothing short of your expectations. The ultimate in precision.

stylish

911 Targa 4S in Basalt Black Metallic

One thing's for certain, the roof design is not the only special feature of your 911 Targa 4S.

The black finish sparkles, just like your eyes. After all, everything about this car is special. Not least the natural leather interior in Carrera Red or the aluminium gear selector for the 7-speed Porsche Doppelkupplung (PDK).

Colours and materials

**Exceptional, extravagant,
exquisite, excellent, exact.**

In a word: Exclusive.

We can offer an exclusive range of colours and materials for you to choose from when designing your new Porsche – both inside and outside. Individual colours for the interior and exterior and also high-quality materials such as leather, macassar wood¹⁾, carbon, aluminium and stainless steel to

enhance the interior. You can find out what is possible at your Porsche Centre. Or contact the Porsche Exclusive Customer Centre in Zuffenhausen directly for an individual consultation (see page 52).

Selection of special colours/colours to sample: Marrone Metallic, Nordic Gold Metallic, Azurro California Metallic, Polar Silver Metallic

¹⁾Since wood is a natural product, there may be variations in colour and grain.

Leather

Leather is a traditional natural material – a true classic. Items made of leather are both timeless and hardwearing.

Alcantara

This high-quality material is easy-care, washable and has a pleasant feel.

Macassar wood¹⁾

Macassar ebony is dark and distinctive with a modern, elegant look. The deep black heartwood has reddish-brown lines and a dramatic, marble-like texture.

Carbon

Carbon is a light but highly-durable material which has its origins in motor racing. Its high-tech look gives a sporty feel to the interior.

Aluminium

Aluminium or Aluminium Look paint sets clear accents and emphasises a no-frills sporting approach.

Stainless steel

Stainless steel is an especially pure material, and it looks absolutely first class.
